

Homosexuality: Alternative Lifestyle or Societal Rebellion?

Is homosexuality sinful? Are homosexuals created this way or is this simply a lifestyle choice? Can a homosexual find repentance? How should believers approach this subject? These are all questions the Body of Christ has in our present day as homosexuality is now on the forefront of the Culture War in America. In this message, Pastor Ben Winslett approaches this subject from a scriptural standpoint with a heart to not only educate our generation about this grievous sin, but also point those who are afflicted by this sin to ultimate deliverance through Christ Jesus.
